To whom it may concern:

Re: Accredited Clubhouse International Proposal for Victoria.

I am writing in support of the Clubhouse proposal. I am a family physician in Victoria and have 30 years of experience dealing with mental health patients. I have seen so many people fall in the gap between hospital and home support services. Our local area greatly needs the innovative supportive clubhouse programs provided by Clubhouse International. Families and healthcare providers need to know that there is an effective service in the community to bridge the gap.

Sincerely,

A handwritten signature in black ink, appearing to read 'John S. Jollymore', written in a cursive style.

Dr John S. Jollymore BSc MD
