

Dr. James D. Stockdill , Family Practice.

270-1641 Hillside Avenue, Victoria, BC V8T5G1

Sept. 9, 2014.

To whom it may concern:

Re: Accredited Clubhouse International Proposal for Victoria.

As a practicing Family Physician and as a relative of persons experiencing Mental Health disease, I am fully supportive of the Clubhouse proposal.

Too often those with mental illness are left in a precarious gap between Hospital and home life. The Clubhouse project will bridge that gap, provide a safe and constructive environment and help guide those referred to the Clubhouse into becoming active and healthy participants in our society.

Every effort at both Government and community levels must be undertaken to support this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Stockdill', with a long, sweeping horizontal line extending to the right.

Dr. James D. Stockdill BA MD-FCFP.,

Clinical Associate Professor, Faculty of Medicine, UBC.
