Dear Mr. and Mrs. Powell,

Re: CMHA Pathways Clubhouse Richmond

Thank you so much for our recent discussions regarding Pathways Clubhouse and your request for support in establishing the Clubhouse Model in Victoria.

Richmond RCMP is proud to call CMHA Pathways Clubhouse Richmond a vital community partner. As the Mental Health Liaison for Richmond Detachment, I personally know what a tremendous service they provide for those in the Richmond Community with serious and persistent mental illness. The Clubhouse Model, centered around the work ordered day, provides stability, skills and support. However, the personal support, camaraderie, community, belonging and hope that Pathways also provides, is impossible to measure.

I wish you success in your quest to establish such a model in Victoria.

Sincerely,

Cst. Heather Hall
Richmond RCMP, Mental Health Liaison
