Dear Ms. Powell and Ms. Brown:

In recognition of your March 14, 2016 presentation to Saanich Council, I am pleased to write a letter of support on behalf of Council in response to your request to establish an accredited Clubhouse in the Victoria region.

Clubhouse International is already well established in BC communities and I believe that a Clubhouse would be a valuable addition to the Victoria area's services for person's living with mental illness and would have a positive impact on the community.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Atwell".

Richard Atwell,
Mayor of Saanich
